Professional background

Dr Paul Stevenson is a consultant psychiatrist at South Coast Private Hospital. Dr Paul Stevenson completed his specialist training in the Illawarra region.

Due to his exceptional work ethic he had the opportunity to work as a locum psychiatrist in the emergency department during his training and offer long distant psychiatric care and assessment through technological resources.

Whenever Dr Paul Stevenson has the opportunity he enjoys taking his bike for a spin to enjoy the outdoors.

Clinic locations

Dr Stevenson is available for consultations at South Coast Private Hospital's co-located psychiatry private practice.
