### Professional background

---

Dr Victoria Kim is consultant Psychiatrist and Psychotherapist at South Coast Private Hospital.

Even before pursuing psychiatry as a doctor, she believed in getting to know her patients before addressing their illness. She offers treatment in a safe and non-judgemental environment.

Dr Victoria Kim from a young age has had an inquisitive interest about the science of medicine and how the brain works and is passionate about working with patients and their families.

In her quiet time she enjoys to read, play the piano and violin and swimming. In the past she has shared her musical talent by playing at her family and friends' weddings. Furthermore, she loves to travel and enjoys musical theatre and opera.

### Clinic locations

---

Dr Kim is available for consultations at South Coast Private Hospital's co-located psychiatry private practice.
